Sharing the Coast Conference 2019

Our Changing Coastline A Focus on Citizen Science

Newport, Oregon March 8-10, 2019

		Auditorium
Sunday, March 10 Workshops/ Trainings/Field Experiences		
10am- 12	Pooka Rice- Trash Talk Window Craft- Great for all ages	Lab 37
Create a decorative 8X10 window using marine debris. Supplies included in the \$5 fee but participants are encouraged to bring your own small-mesoplastic (size of your fingernails) to include in your window.		
10am-12	Fawn Custer —Citizen Science Sampling	Otter Rock Marine Reserve
Participants will meet at the parking lot and venture down to the beach. During this experience you will have the opportunity to learn the protocols for CoastWatch reports, sea star monitoring, marine debris surveys, and King Tide photos, learn to identify some of the common tide pool invertebrates,		
10am-12	Athena Crichton —Guided Estuary Walk- Yaquina Bay	Yaquina Bay
Participants will meet at HMSC Visitor Center- Prepare to get muddy and learn about the importance of our amazing estuary.		
In case of inclement weather, Fawn, Athena will offer indoor programs at HMSC. 10am-12		
1015-1115	OCA Guide- Behind the Scenes Tour	Oregon Coast Aquarium
Participants will meet at the aquarium for a personal guided tour. Ages 6 and up. The tour lasts 45-60 minutes. Anyone under 16 must be accompanied by a paying adult, over 21 years of age. This tour includes a trip to the top of the Passage of the Deep exhibit requiring participants to be able to climb 2 flights of stairs unaided.
